Which workshop was the most helpful to you:

19 responses

- College Apps, Personal Statements (November 2018)
- FAFSA and Goal Setting (January 2019)
- Choosing Your College: Navigating Financial Aid offers (April 2019)
- I have not attended any workshops prior to this.

Key Takeaways

- Learning by doing.
 - Figuring out how to support my peers while dealing with and navigating the same questions and problems they were going through.
- There is a high demand for support and clarity around college.
 - Qualitative Data: No clarity around what “we’re going to college for” (e.g. different types of degrees, programs, non-traditional pathways etc)
- We need more adults and champions to help keep this project going.
 - BFF grant can be renewed for 2 more years,
 - Community Action Grant can be applied to EVERY year.
 - It really is not a “money” problem, workshops are not expensive.
- Will be asking Gonzales Youth Council with support for the following years.
 - Willing to be a mentor and of support to whoever wants to lead this project next year.
- Appreciative of all the community members who stepped up

**"[SENIOR SWARM]
WAS GREAT AND THE
SPEAKERS WERE VERY
INSPIRING AND
HELPFUL."**

-MIGUEL ARREOLA CAMACHO, SENIOR @GHS

**JOIN US JANUARY 17, 2019, FROM 5PM-8PM,
FOR THE SECOND WORKSHOP OF SENIOR
SWARM!**

**"[I REALLY ENJOYED] BEING ABLE TO
TALK TO DIFFERENT PEOPLE WHO
EXPERIENCED WHAT I WILL SOON BE
GOING THROUGH."**

- JERUSALEN VALDEZ, SENIOR @GHS

**JOIN US FOR THE NEXT WORKSHOP ON WEDNESDAY,
JANUARY 23, FROM 5PM-8PM @GHS RM 52**

“I appreciated all the help and advice, didn’t even know the definition of FAFSA till the first Senior Swarm meeting. I give this experience overall 5 giraffes with shorts necks out of 5, would definitely recommend.”

“I believe they would be better if there can be individual time with someone who majored in the same or similar major as us.”
